

Our Core Values

I-Integrity
 C- Compassion
 A-accountability
 R-Respect
 E-Excellence

That spells I Care, and we do!

Hands of Healing's primary goal is to continue to create programs that exemplify integrity, compassion, accountability, and respect in a spirit of excellence, providing a bridge of hope to the "at risk" community. Continuing to compassionately build relationships with our Residents, Parents and the Community is our number one priority. In doing so, Hands of Healing will provide an environment that nurture's Children and Youth's need for stability and will foster a stable environment through developmental and programmatic support, and resources. As a part of the community, we will be an active resource and together create societal change!

We believe that there are four major components that play a role in the learning process, development and productivity of youth.

These components are Parents/Guardians, School, Community, and Religion/Spirituality.

At Hands of Healing we believe in utilizing these major components to assist us in nurturing productive members of society.

Each component has a specific role, and when utilized properly, produces an effective and productive youth.

***SEEDING HEALTH, HAPPINESS AND HOPE IN
CHILDREN AND FAMILIES,
ONE HOME AT A TIME.P***

Hands of Healing operates a community-based therapeutic residential program for “At Risk Youth” in Harlingen, Texas.

Our mission is to deposit seeds of balanced mental health, happiness and hope into the hearts and minds of youth with challenges, by creating a nurturing and structured environment that will instill in them principles and values that will enable them to become productive members of society.

We strongly believe that youth belong at home with their families and that youth are most effectively served in their own communities.

Our expert staff take pride in providing high-risk adolescents with the educational and emotional support, structured supervision, and guidance needed to empower and foster positive changes in their lives.
